General Comments
A Monitoring Inspection was completed this morning. The children were observed in their classroom and in the gymnasium. In the gym, children were observed running, smiling, and laughing. Children were observed playing with balls - bouncing, kicking, and throwing, climbing on and through gross motor blocks & shapes, playing in tents, and rolling and spinning hoops. Educators were engaged - playing with the children and providing support when needed. Educators were observed offering praise and encouragement during play. After gym play, children were observed re-entering their classroom. Hand washing was observed. Several forms of documentation were observed throughout the infant area - pictures of children playing outside, children's artwork, children's personalized body books, and a beautiful display, dedicated to Truth and Reconciliation. Educators told QAM that they were in the process of adding new documentation and several pictures and ideas were shared with QAM. Educators stated that present interests include the following: gym play, outside play, animals and animal books, babies, and arts and crafts.
