General Comments

Only gym area was inspected today, as it was the only room in use.

Children were partaking in several different activities when I arrived today. These activities included lego/construction, dramatic play, reading, crafts, mini-sports. Children were then asked to clean up, wash up and get ready to go play outside.

Facility uses the school park across the street to play in outside. Educators ensure that a safety check is done each time it is being used and appropriate measures are taken should something be deemed unsafe. Educators then assure to document it on their monthly review safety checklist.
