Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

Today was the group's entrepreneurial sale! They have worked so hard on creating crafts to sell to their family and friends in support of an organization that Go-Go has chosen. Some of the sale items that the children created were home made jewelry, home made stress balls, painted pictures on canvases and painted pictures on card stock.

The early dismissal children (k-grade 2) were already at the facility when I arrived. Some children were observed eating snack, while others were playing around the room (Lego/building, reading books, hopscotch, and crafting). Once children had enough time to free play, the educator had requested they tidy up to play some active games on the "gym" side, they decided to play a game of team tag. Once the second dismissal children (grades 3-5) arrived at the facility they were able to join the younger group to play and given the choice to have snack as well. After some time, the younger children got ready to go play outside. At this time the older children got to play active games! After playing a couple of games, they got ready and headed outside.

While each group of children were participating in their active play games, there was always an educator supervising and taking part in the activity with the children. While another educator was at a table assisting the children with a Christmas craft.
