Address 536 Northumberland Street Fredericton NB E3E 1P1			
Name of Early Learning and Childcare Licensing Staff Jennifer Godin		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

<p><b>General Comments</b></p> <p>Only the gym area was inspected today, as it has been the only room in use.</p> <p>Children were across the road at the school playground when I arrived for today's renewal inspection. Children were observed playing "four-square", on the swings, hanging out reading, playing on the climbing structures and playing ball. Educators were observed positioning themselves around the playground to ensure they could properly supervise the children while still actively engaging with them.</p> <p>Most of the time, the facility uses the school park across the street to play in outside. When they are not at the park, they can be found playing in small field type space next to the facility. Educators ensure that a safety check is done when either space is being used and appropriate measures are taken should something be deemed unsafe. Educators then assure to document it on their monthly review safety checklist.</p> <p>Everyone returned to the facility for snack. Educators ensure all children washed their hands before getting their lunchboxes. Once snack was over, children were able to free play around room while educators cleaned up and set up a craft for those who would like to do it. After a little time, educators noticed that children were losing interest with being inside, they were quick to take action and offer the choice of going outside or staying in for a little while longer. Two educators then took a group of children outside to the small field area next to the facility, while the other stayed inside for a little longer with the children who wanted a little more time inside.</p> <p>This facility is viewed as a semi-permanent center, meaning educators set up the room in a clean, bright and child centered way every day. During my visit, the educators demonstrated an abundance of positive child guidance, and leadership skills. Interactions between educators and children were respectful and the children appeared to have fun.</p> <p>Everything was in compliance during my visit and I recommend for licensing.</p>
