General Comments

A follow up to the renewal inspection was conducted today. All outstanding orders for compliance are completed and the facility is recommended for license renewal.

The children have been participating in a lot of activities this summer. Outside fun, field trips to the community pool, ice cream adventures in the neighbourhood. The children's experiences from the summer are documented and displayed on the bulletin board located in their learning environment. As activities occur the educators post new pictures enabling the children to revisit and discuss their experiences. They were eager to share their adventures during the visit.
