ELCC Licensing Staff Kiesha Cobbett	Position Title Inspector	

Order for Compliance	Regulation	Date to be corrected	Date corrected
----------------------	------------	----------------------	----------------

General Comments Renewal Inspection: A renewal inspection was conducted during the afternoon for the school-age children. The children were observed participating in a variety of activities both indoors and outdoors. Indoors, the children were observed coloring, building train tracks, playing with Lego, board games, and making playdough with their educators. Outside the children were observed playing soccer, using the playground equipment. Documentation was current and reflective of the children's past play experiences. Photos of the children and samples of their artwork were displayed around the room. The following records were reviewed: Incident logs, fire drill records, daily attendance records, a sample of children's files and all staff files. All required documentation was appropriately posted on the parent information board. Handwashing practices were also observed during the inspection. The Inspector discussed the following items with the Acting On-Site Administrator: • Remove the protruding bolts from the yellow slide. • Remove the old, broken wood with sharp edges. • Rake and level the protective surfacing under and around the climbing dome. The facility is recommended for licensing.
