General Comments

The preschool side of the room is divided into two group "bubbles" to accommodate the COVID-19 Guidance document. One group was doing an activity inside while the second group was playing outside.

The children in the school aged side of the space were partaking in free play while waiting for the older children to get out of school. Once the older children arrived and had the opportunity to have snack, the children got ready to go outside.

Observed all educators attentively supervising and engaging with the children. Observed educators providing gentle reminders to the children when it was required.
