At the time of the inspection the following elements were verified:

- If required documents are posted in a visible and prominent place in the facility

- Personal belongings

The child to staff ratio is respected and all required documents are posted in a visible place so the parents can have easy access to information regarding the facility.

Children's personal belongings are easily accessible, labelled with the name of the child, only used for the intended child and stored separately for each child.

At the time of the inspection, the Quality Assurance Monitor observed a group having a lot of different easter sensory activities. The children were engaged in their play.
