General Comments Neither deficiency have been corrected since the last visit. No shade source has been added and sandbox is still empty. Dividers, shelving units and materials for the dramatic play and quiet area have not been purchased for the potential afterschool area. There is still debris scattered around the playground and building at the entrance and the fire exit at the end of the building, that needs to be cleaned up. It was also noted during the follow up visit that the emergency lights are not working in the facility. These should be serviced or replaced.
