General Comments
<p>The inspector is on site to conduct the renewal inspection.</p> <p>During the inspection, the inspector observed morning snacks, children transitioning to the outdoor play area, outdoor play, the lunch period, and the rest period.</p> <p>The inspector observed children engaged in colouring after rest period and indoor free play.</p> <p>A discussion is being held with the administrator regarding the contact information for the inspector and the Quality Assurance Monitor. This information must be updated to reflect the current inspector and Quality Assurance Monitor.</p> <p>Another discussion is being held with the administrator regarding the diaper-changing procedure. The procedure must be posted in the infant changing area.</p> <p>A further discussion took place with the administrator regarding art materials in two classrooms that are stored on high shelves. Art materials must be placed on low, open shelves to ensure they are accessible to children. During the inspection, the administrator relocated the art materials to low, open shelves, making them accessible to the children.</p> <p>Another discussion took place with the administrator regarding children's files. All children's files must be complete and contain all required information, including the name, address, and telephone number of the child's medical practitioner, as well as a copy of the child's immunization record or an exemption document prior to the child's entry into the facility. The inspector reviewed five children's files and observed that one file is missing the name, address, and telephone number of the medical practitioner, and one file is missing a copy of the immunization record or a copy of the exemption.</p> <p>The ratio is respected throughout the inspection.</p>
