General Comments
<p>Licensing Staff arrived at the facility to introduce new Quality Assurance Monitor. The classrooms were bright, clean and welcoming. The classrooms have plants, soft lighting and natural materials as well as a fish tank. Soft music was playing, and the children were engaged in a variety of activities this morning.</p> <p>In the larger classroom the children were observed painting, doing puzzles, practicing penmanship and other activities to strengthen fine motor skills. The children were eager to discuss what they have been working on for Mother's Day. The Educators in the classroom spoke kindly and in a soft tone when interacting with the children. Throughout the morning, small groups of children were observed sitting at a table for snack time. The children appeared familiar with the morning routine which made for smooth transitions.</p> <p>In the front smaller classroom, the Educator was observed sitting with the children as they read "Space Song Rocket Ride". The Educator paused throughout the book to engage with the children, asking questions about the different planets. Later in the morning they children colored print out pictures of rocket ships. Only positive child guidance was observed during today's Monitoring Inspection. The Educators were heard praising children and encouraging their independence.</p>
