General Comments

When I arrived, the children were playing outside. The outside playground is clean, well maintained and the children have lots of toys and outdoor materials. Around 10 am the children came inside for snack followed by indoor free play. Around 11:20 the children came together in a group; the educators explained a ladybug craft activity and then the children went to the tables and did the activity. The educators encouraged creativity and provided other choices to the ones who did not want to do the ladybug.

The inside of the centre is clean and well organized. The children have lots of toys and learning materials to meet their educational and learning needs. The play area is divided in different activity stations in a way that is very inviting and appealing for the children.

The educators are always respectful towards the children and are always seen engaged with them. Everything is in compliance today; I recommend for renewal.
