11 The qualifications and training requirements for administrators and educators are as follows: (a) an administrator and educators must hold a valid first aid certificate and a valid cardiopulmonary resuscitation certificate;	11(a)	Feb 17, 2025	
Comments: While reviewing staff files, the Quality Assurance Monitor noticed that one staff member did not have a valid First Aid certificate or a valid Cardiopulmonary Resuscitation (CPR) certificate. The Quality Assurance Monitor reminded the operator that the staff member must obtain both valid certificates before being included in the child-to-staff ratio and must not be left alone with children. The operator confirmed that the staff member would not be included in the ratio and would not be left unsupervised with children until the required certifications are obtained.			
24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (b) child records that include: (i) the child's name, address, birth date and Medicare number,	24(1)(b)(i)	Feb 06, 2025	
Comments: Out of six child records reviewed, two were missing the child's Medicare number. The Quality Assurance Monitor reminded the operator that each child's record must include the child's name, address, date of birth, and Medicare number.			
24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (c) staff member records that include (vii) a copy of a valid first aid certificate and a valid cardiopulmonary resuscitation certificate for each administrator and educator.	24(1)(c)(vii)	Feb 17, 2025

Comments: During the monitoring inspection, the Quality Assurance Monitor observed that the parent board, containing all required information that must be posted in a visible and prominent place in the facility, was missing from its usual location at the entrance. The Quality Assurance Monitor asked the operator if the board had been relocated elsewhere in the facility. The operator indicated they were unsure why the parent board was no longer in its designated spot but would inquire with the educator upon their arrival. When the educator arrived with the bus, they explained that the board had fallen and was temporarily placed in storage. The educator immediately retrieved the board and rehung it in a visible and prominent location within the facility. Deficiency is now compliant			
25 An operator of a licensed facility shall post in a clearly visible and prominent place on the premises: (c) instructions regarding evacuation in case of a fire as approved by the fire marshal, deputy fire marshal or fire prevention officer.	25(c)	Jan 29, 2025	Jan 29, 2025
