General Comments

Renewal Inspection:

Children and educators engaged in play this afternoon. Many positive interactions were observed between the educators and the children. A variety of interesting materials have been added to the environments that support the children's interests in Mario Kart, board games, Perler beads and doctor clinic.

Each environment appears to be well maintained and set up in a way that is inviting for the children.

The children appear to be happy and have built strong relationships with their educators.

A healthy snack was served today.

Hand washing routines were observed.

Staff and child files are complete and well organized.
