General Comments
Renewal Inspection: Children observed during snack time, indoor play, transitions and outdoor play this afternoon. Each learning environment is set up with invitations when the children arrive from school. A variety of materials are accessible to the children throughout each environment. Discussed with staff how children should be added to attendance when they are moved to another group. This ensures all children are accounted for in an emergency. Wraps with cream cheese and apples were served for snack. All staff files reviewed and complete at time of inspection. Next steps: Adding more documentation and materials that support the children's current interests to each environment. Discussed ways to make interests more visible with educators during inspection.
