| <p>General Comments</p> <p>The Quality Assurance Monitor is on-site for the renewal inspection.</p> <p>The Quality Assurance Monitor is present during outdoor play, lunchtime, and nap time. One classroom is observed returning to the facility following a walk in the community. Children are engaged in a variety of activities, including rolling and stacking wooden logs, building with puzzle blocks, practising their jumping skills, driving small toy tractors, and participating in dramatic play with baby dolls. Children are also observed discussing and observing two small "birdie friends" nesting in a tree located within the outdoor play area.</p> <p>One staff member is missing eight professional learning hours. The operator is responsible for ensuring that all eligible staff members complete their required professional learning hours by August 31, 2026.</p> <p>During the visit, the ratio is respected.</p> |
