11 The qualifications and training requirements for administrators and educators are as follows: (a) an administrator and educators must hold a valid first aid certificate and a valid cardiopulmonary resuscitation certificate;	11(a)	Nov 06, 2020	
Comments: Please ensure that all educators verify their First aid and CPR certification on the list provided by Worksafe NB site to ensure their training meets regulation under the Act prior to employment. Please provide confirmation that staff are enrolled and place it in their files.			
11 The qualifications and training requirements for administrators and educators are as follows: (b) educators must have successfully completed the Introduction to Early Childhood Education course or hold an Early Childhood Education Certificate.	11(b)	Nov 06, 2020	
Comments:			
24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (c) staff member records that include (ii) the staff member's qualifications including the certificates or training referred to in paragraph 11(b) or (c).	24(1)(c)(ii)	Nov 06, 2020	
Comments: Please ensure that qualification certificates and diplomas are put into each staff members file.			
24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (c) staff member records that include (vii) a copy of a valid first aid certificate and a valid cardiopulmonary resuscitation certificate for each administrator and educator.	24(1)(c)(vii)	Nov 06, 2020	
Comments:			
39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Nov 06, 2020	
Comments:			
39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (b) medications.	39(2)(b)	Nov 06, 2020	
Comments: The toxics are stored in the office but are being secured with a child safety device that is no longer accepted by the Department. Please ensure all toxic products are stored under lock and key.			

General Comments

Upon arrival to facility, licensing staff recognized that the classrooms are brighter, more organized and developmentally appropriate for each age group in attendance. Programming is evident and educators are using learning stories to document the children's learning.

Files are more organized and licensing staff was able to verify information regarding licensing regulations.

Licensing staff discussed outdoor play with the Administrator of facility. Administrator advised licensing staff that they are having a difficult time getting parent(s) to bring the appropriate clothing for weather. Licensing staff advised Administrator and staff that outdoor play needs to occur as per regulations and if parent(s) are choosing to not dress their child appropriately the parent can be called to pick up child or to bring in appropriate clothing.

Educators advised licensing staff that there are no children that currently require medications. However, educators were able to confirm the process of the administration of any medication including filling out appropriate forms.

Medications and Toxic products must be locked at all times. Operator stated that he would get a lock for cabinet. There was also toilet cleaner stored on a shelf in the washroom that needs to be locked at all times.
