Comments: The previous renewal inspection report isn't posted. Inspector reminded operator that both renewal and monitoring inspections need to be posted in the facility. Operator added the previous renewal inspection report in the entrance wall. Deficiency is now compliant.			
22 The daily routine of a licensed facility shall include (b) a period of rest for a length of time that meets the needs of each infant and preschool child receiving services at the licensed facility but that does not exceed two consecutive hours unless there is a written request from a child's parent or guardian to extend the length of time.	22(b)	Apr 20, 2023	
Comments: In the baby's room, two children passed the two hours of rest period. Inspector had a discussion with the operator and staff to remind them that the rest period shouldn't exceed 2 consecutive hours unless there is a written request from a child's parent or guardian to extend the length of time.			
24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (c) staff member records that include (v) a copy of a criminal record check or vulnerable sector check, as the case may be.	24(1)(c)(v)	Apr 20, 2023	
Comments: Inspector noticed that the name of an educator is spelled wrong on the vulnerable sector check. Operator was informed that it was a mistake from the RCMP. Inspector asked that the educator gets another vulnerable sector check done with her correct name. Operator shared that the educator was getting her vulnerable sector check today.
