<p>General Comments</p> <p>The inspector is on site to conduct a renewal inspection.</p> <p>During the inspection, the inspector observed school-age children arriving from school and participating in outdoor play activities, including listening to music, playing with spray bottles filled with water, coloring on the pavement with chalk, and playing with skipping rope.</p> <p>The inspector also observed the afternoon snack and indoor free play.</p> <p>A discussion took place with the administrator regarding the outdoor play area. The designated outdoor play spaces for school-age children are community parks. As these parks are not part of the facility, they were not inspected during the renewal inspection. It is the operator's responsibility to ensure that all outdoor play areas used by the children are safe. Any safety concerns must be communicated to the community so that appropriate corrective measures can be taken.</p> <p>The ratio is respected throughout the inspection.</p>
