General Comments
<p>The inspector is onsite to complete the renewal inspection and observes the 2-3-4 age group eating lunch, infants napping, and the after-school group working on a puzzle with the educator. School-age children are at the center for the full day as they do not have school.</p> <p>During the rest period for preschool and infant groups, the after-school children and preschoolers who do not nap are outdoors enjoying free play while others are indoors having quiet time.</p> <p>The ratio is respected during the renewal inspection.</p>
