### General Comments

During my visit in the afternoon, the daycare meets the requirements of the Early Childhood Services Act and New Brunswick regulation according to the ratio, the child records and signed consent (10 verified), the staff member records, the administrative records maintained on-site, the designation (all educators have the PL hours required) and the outdoor play area (materials and equipment).  
Observation of naptime, snack (fruit and rice cake) and the children go outside during my visit.  
There's a room for children who don't sleep (30-minute of quiet time and after they can play).  
Discussion with the administrator, a check of the manufacturer's manual is necessary to ensure the required protective surface. For now, the littlelogiQ swing has been removed during my visit for the winter.
