Order for Compliance	Regulation	Date to be corrected	Date corrected
25 An operator of a licensed facility shall post in a clearly visible and prominent place on the premises: (g) whether a child receiving services at the licensed facility has a life-threatening allergy and a description of that allergy.	25(g)	Nov 24, 2024	Nov 19, 2024
Comments: 1 of the 2 children that requires an EpiPen for life threatening allergies was indicated on the allergy posting placed in a visible and prominent place. All children with life threatening allergies need to be on the allergy posting. This needed to be corrected by November 24th, 2024. Inspector received the information by email on November 19th, 2024. Deficiency is now compliant			

General Comments
Inspector arrives on site for the follow up inspection. 2 children have life threatening allergies that require Epipens. Both Epipen's are on site stored in an easily accessible location for educators and also out of reach of the children. These are listed on the allergie posting placed in a visible and prominent location.
Ratio is respected during the follow up inspection.
