QA Monitor and operator discussed outdoor play time during the summer. The QA Monitor observed that time spent outdoors is consistent with recommendations in the Operator Manual: outdoor play time is provided during the cooler parts of the day (during the inspection they were outside in the morning) and Operator and staff stated that indoor or shaded play will be provided during the hottest part of the day (mid-afternoon). QA Monitor observed that the staff take the children's water bottles outside to the play area and offer frequent water breaks.
