General Comments

On the day of the monitoring inspection visit, there was a thunder and lightening storm and the children were engaging in indoor play activities during the inspection visit.

When licensing staff arrived at the licensed facility, all children were having their lunch. On the menu for lunch today was pulled pork, potatoes and corn. All children were gobbling up the home made meal, even the infants!

After lunch, the infants prepared for nap time. The educators in the infant rooms were very kind, gentle and nurturing towards the babies. On the day of the inspection visit, a new baby started and was doing very well!

In the 3 year old room, after lunch, the children engaged in free play activities until it was time to settle down for nap time, at noon. The educator in the 3 year old was also very kind, engaged with the children and also very nurturing towards the children.

The 4 year old children were having a short quiet time on their mats when licensing staff observed in the classroom. The educator was also very kind and nurturing with the children. On the day of the inspection visit, the school-aged children were still at school.
