<p>General Comments</p> <p>A Monitoring Inspection was completed this morning. Children were observed outdoors. The inside classroom environment was also observed.</p> <p>Inside - Room 8, 9, & 10 were observed. Each room had several well-defined learning / play centers. Documentation was observed in each of the rooms. In room 9, QAM observed an area that was dedicated to the Life Cycle of the Monarch Butterfly. Allergy postings were observed in each room, as well as emergency evacuation documents. Tabletop activities were observed in room 9 & 10.</p> <p>Outside - The school aged children were observed in their outside classroom. QAM asked the children what their interests were, and some of their replies were as follows: digging, climbing, bug hunting, Pokémon, and hockey cards. During today's monitoring inspection, children were observed swinging in hammocks, sorting stickers, and looking for bugs. Children were observed going inside, prior to snack, to wash their hands. Children were observed eating their snacks outside.</p> <p>Outside - The preschool group were observed in their outside classroom. They were finishing their snacks at QAM's arrival. Educator stated that the children are interested in building with loose parts. - sticks, rocks, logs, etc. During today's monitoring inspection, children were observed playing at the mud kitchen, climbing rocks, playing with toy animals, and swinging</p> <p>Attendance records were observed, and they were accurate. Educators had their attendance records outside with them.</p>
