Order for Compliance	Regulation	Date to be corrected	Date corrected
28(3) The premises of a licensed facility shall comply with (a) lighting, ventilation and other general health standards under the Public Health Act.	28(3)(a)	May 31, 2023	
Comments: Group 2: *Children did not wash hands after outside play when they came back into the facility. Discussed with Educator during inspection and she immediately had the children wash their hands.			
33(2) Stationary equipment in the outdoor play area shall be surrounded by a protective surfacing and installed according to the manufacturer's instructions.	33(2)	May 31, 2023	
Comments: Stationary equipment does not have sufficient surfacing beneath fall zones. However, under the platforms the mulch has accumulated significantly. In some places 6-8 inches in depth. This must be raked out from under the platforms to the fall zones. Discussed with Assistant Childcare Manager and Educators during inspection.			

General Comments
<p>A renewal inspection occurred today.</p> <p>The children were observed in both inside and outside play as well as snack.</p> <p>Discussed with educators the importance of handwashing after outside play. Recommending reviewing the Public Health Guidelines regarding handwashing with all staff.</p> <p>Also discussed the importance of ensuring that the mulch be raked daily under the fall zones and recommending a metal rake may make it easier instead of a garden rake.</p> <p>There are items on the playground that are unsafe, and the children are not permitted to be on these. The double metal slide is broken and there is no surfacing beneath the purple slide.</p> <p>Educators were observed redirecting behaviours appropriately and having positive interactions with all the children in their care.</p>
