<p>General Comments</p> <p>Inspector is onsite to complete the renewal inspection and observes the children arriving from school and eating their snacks. One group transitioned to a taekwondo class while another group prepared to go outdoors. The weekly program theme was centered on Valentine's Day, which included planned arts and crafts activities.</p> <p>The inspector discussed with the administrator the practice of the children removing their shoes and socks upon entry to the center. Children were observed walking barefoot through snow slush and across cold tile flooring. Concerns were expressed regarding this practice, and the administrator was advised that a written plan outlining how this will be corrected is going to be given and put into practice.</p> <p>The ratio is respected during the renewal inspection.</p>
