<p>General Comments</p> <p>A Monitoring Inspection was completed this morning. Children were observed both inside and outside. Upon arrival, some children were observed washing their hands and the ones who were finished hand washing, were observed in the reading area, looking at books. Educators were observed reading to the children. While reading, educators created excitement and wonder, asking the children questions along the way, and encouraging them to use their imaginations. Children were observed practicing their holiday songs, for their holiday concert. Children were observed getting their outdoor clothing on and lining up at the door. Children were observed outside - playing on the slides, playing with toy vehicles, and making rock pies. Positive child guidance techniques were observed - Educators giving gentle reminders and redirecting negative behaviors. Educators were also observed talking to the children and offering praise and encouragement.</p>
