General Comments

A renewal inspection was conducted today during nap/quiet time. The educator has created engaging and inviting learning environments both inside and outside. The children's learning is displayed on the walls as well in portfolios of their art and pictures of their daily activities. The children's current interests are "gingerbread men". The educator had sent letters to other ELC Homes about the "missing Gingerbread Men that ran away. Other centres have mailed letters back to the centre with their responses as to whether or not they have seen the missing Gingerbread Men. The educator said the children have been very excited about this and soon the missing Gingerbread Men would be returning. What a great idea to spark the children's imagination and language skills. During the inspection all items on the renewal checklist were in compliance and the ELC Home is recommended for license renewal.
