General Comments

- Visit completed at the facility in the morning for a monitoring inspection.
- Ratio was maintained during the visit.
- During the visit positive child guidance was witnessed.
- Facility has a separate locked storage space for medication.
- Administration of medication records are evident. Records are kept for each child when medication is administered.
- The parent board at the entrance of the facility has all required documents posted.
- The outdoor play area materials and equipment are varied and in sufficient quantity for all the children present. There is no stationary equipment in the outdoor playground. Outdoor space is offering opportunities for the children to explore. The children are growing a garden with the help of the educators and some parents are involved.
- Administrative records are maintained on-site. Monthly emergency evacuation and fire drills are completed.
- A daily incident log is maintained. Parent is advised of incidents and signs the daily log.
- Observations:
2-3-year-old room: Free play and diaper changing were witnessed. The children went on an excursion to buy lemons to make lemonade later this afternoon.
3-5-year-olds: Free play, parent arrival and story time. The children went on an excursion to buy lemons to make lemonade.
After schooler's: The children went to the playground.
- Discussion with educators on medication, summer activities and professional development hours.
