### General Comments

Licensing Staff arrived at the facility to perform a Monitoring Inspection. Upon arrival, the afterschool group were in the gym having a Halloween Party. The 4's Class was playing a Haunted House game together, and the younger classes were napping. Once quiet time was over, all cots were sanitized, and the children were observed using the bathroom and washing hands for afternoon snack.

The facility was having a Halloween party today. The gym was set up with different games such as fishing for a treat, candy corn bowling and spin the wheel. Each class had a designated time to go to the gym to play games and go trick or treating to each classroom. Throughout the afternoon children were seen playing with cars, building with magnetic blocks and playing Halloween games.

The classrooms are bright and offer lots of natural light. There are up to date learning stories, pictures of the children and process art displayed outside each classroom. Allergies are posted at each door and incident reports are being recorded. Only positive child guidance was heard during the visit.

After nap time, Educators were observed putting the children's blankets in a large pile together. As a reminder, as per Section 10.2 of the Operator Manual :
