General Comments Monitoring Inspection - Full Day - Summer Program: Children and educators were observed engaged in a variety of activities this afternoon, including open-ended art, dramatic play, building experiences, and sensory opportunities. A group of children were gathered on a rug exploring Magnatiles, while another group was creating animal keychains using beads. Educators were observed engaging in meaningful conversations with children and providing additional invitations and materials to extend and support their play. The children are currently working on an ongoing project - they have created a plan to collect recyclables to raise money to host a pizza party. The children have documented this plan in a way that shows their learning experience. Handwashing routines were observed during washroom routines. Monthly fire drills are documented. Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.
