General Comments
<p>Monitoring inspection completed today.</p> <p>The learning environments are welcoming with materials, props and loose parts that offer opportunities for a variety of play. and creativity. Children's art work, photos and projects are posted. In room 5, documentation from February and March is not posted. As discussed, posting recent Class Dojo posts within the rooms provides opportunities for children to engage with and revisit current and past learning and supports educators as they purposefully plan the play environment and activities for the children.</p> <p>Written evacuation plan to be posted along side evacuation map at exit for Room 6.</p>
