<p>General Comments</p> <p>Renewal Inspection:</p> <p>The school-age children were observed arriving from school. The children washed their hands before having snack. After snack the children were observed engaging in mark-making, making bracelets out of yarn, and engaging in risky play by jumping onto a large pillow.</p> <p>The educator was observed engaging in positive conversations with the children. They asked the children how their day was at school and listened to what they had did over the weekend.</p> <p>The children's drawings and artwork were displayed around the classroom. The Inspector had a conversation with the educator about adding writeups to the children's work. The inspector is recommending the educators create a documentation binder to keep in a prominent place where parents/guardians can easily access to see what their children have been experiencing.</p> <p>The following records were reviewed: Incident logs, fire drills, and daily attendance sheets.</p> <p>All staff files were viewed, and a random review of the children files was completed.</p> <p>Facility is recommended for licensing.</p>
