General Comments

Visit done at the facility for a monitoring inspection.
Ratio is respected

At the time of the visit, these elements were verified:

- if required documents are posted in a visible and prominent place in the facility.
- Incident records
- Indoor play area materials and equipment
- Washrooms

A new staff member was added to the system.

All required documents are posted in the facility.

A visual inspection of the indoor play area material and equipment demonstrates compliance. There are sufficient and safe washroom facilities to meet the needs of the number and ages of children enrolled in the facility.

During the inspection, children had snack, played indoors and made a craft.
