General Comments

Children were engaged in outdoor play upon arrival of licensing staff. Toddlers were on a walk with their educators to the Poole Street Park during the monitoring inspection.

Outdoor play area was inspected and was well maintained, with activity areas and opportunities for gross motor play. Large trees in the outdoor space provided ample shade for the children during warmer periods of the afternoon. All children had access to their water bottles.

Children were observed returning from their walk from Poole Street, educators had a wagon which contained their water, first aid kit, play items and their enrollment sheets with the children's contact information. Two children had been bitten by wasps and were given ice packs for their bites.

Positive behaviour guidance was observed at all times.
