General Comments

Licensing staff arrived at the licensed facility to conduct a license renewal inspection. Upon arriving at the licensed facility, the two-year-old classroom was outdoors playing. Soon after licensing staff arrived at the facility, the remaining classrooms also came outdoors to play.

The children loved playing the leaves that fell onto the ground inside the outdoor play environment.

All educators were observed engaged with the children at the child's level during outdoor and indoor play.

The educators and child files were very organized and complete with the required documentation.

Each classroom was warm and inviting and had distinct play centres.
