21 The daily activities of a licensed facility shall be purposely planned in advance and documented and shall respond to the capabilities, needs and interests of each child.	21	Feb 27, 2026	
Comments: The Quality Assurance Monitor is on site for a follow-up inspection on documentation and observed that daily activity planning was missing in three classrooms. The administrator must ensure that educators plan daily activities and document them accordingly.			
24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (f) daily attendance records of the children on forms provided by the Minister.	24(1)(f)	Mar 30, 2026	Mar 30, 2026
Comments: During the follow-up inspection, it was observed that one classroom did not have any children signed in on their daily attendance sheet, despite nine children being present. The educators responsible for the group must ensure that all children are properly signed in and out. The educator promptly added the arrival times for the children who had not been signed in. Deficiency is now compliant
