General Comments
<p>Monitoring Inspection:</p> <p>Children and educators observed during a staggered transition to an outing to the park. Children were permitted to choose if they go with the first group or second group. Educators have purposefully planned materials to take on their outing to the park.</p> <p>The environment is set up with a variety of interesting materials throughout each interest centre for the children to explore freely. Educators have added materials and documentation that support the children's current interests (forts, sticker making, and "Tim Hortons").</p> <p>Hand washing routines observed. Monthly fire drills documented.</p>
