General Comments
<p>The inspector observed the children playing freely inside and having their lunch.</p> <p>Some children were not hungry yet, and the educator respected their individual needs by allowing them to decide when they wanted to eat. This child-led approach fostered a positive and responsive interaction.</p> <p>The inspector recommended to the administrator to add a tape on the diaper changing mattress to clearly indicate that it is designated solely for diapering purposes. A tape was added immediately after the recommendation.</p> <p>The ratio is respected during the inspection.</p>
