| Address Oromocto NB | | | |
| Name of Early Learning and Childcare Licensing Staff Lindsay Lewis | | Position Title Quality Assurance Monitor | |
| Order for Compliance | Regulation | Date to be corrected | Date corrected |

General Comments

Licensing staff arrived at Center to perform a Monitoring Inspection. Upon arrival, Operator was discarding kitty litter. As a reminder, please ensure litter boxes are changed daily and is being done before the children arrive. Children were listening to music and dancing before cleaning up for morning snack. The Operator was seen cleaning the table, and hand washing was observed. The Operator was heard using positive child guidance and encouraging words, "Great job washing your hands!", "Look at you, you did it all by yourself".

Once the children were finished snack, lunch boxes were packed, and the children got ready to go to the park. The Operator and children checked the weather for the UV Index before getting hats and shoes on. The children put on safety vests, helmets and knee pads before biking to the park. Operator brought a wagon with materials for the children to play with, along with their water bottles and lunch boxes. Every Thursday the Operator gathers at a nearby playground with other Centers for Songs and Rhymes with the Talk with Me Program. During the Talk with Me session the Operator sat with the children, singing along to the songs. Once the session was over the children had a water break and enjoyed free play at the park. Children were seen playing on the swings, going down the slide and using magnetic blocks on the metal play structure. Please ensure your Parent Board is repaired and visible. Parent Board should have up to date contact information for the Quality Assurance Monitor and Inspector/Investigator. Documentation of pre-planning should be added through-out the Center, such as learning stories, webbing, Children's artwork etc.
