General Comments
<p>The parent board is up and posted with all requirements. The climbing wall has been walled off this week for a weekend event. The mats are available for play and children were playing ball games and having circle on the mats. Children and educators were engaged in play with Lego and elastics today. A variety of resources are accessible throughout the space including art materials, writing utensils, books, blocks, and games. Educators were observed engaged with children in play and discussions. The educators were observed giving a clapping signal for children to come in which they all immediately responded to. Children negotiated time for activities, snack and outdoor play with the educators.</p>
