General Comments

The facility is following the NB Curriculum based on the learning stories, webbing, family photos and children's artwork posted on the walls throughout the building.
Each classroom had invitations and/or sensory bins set up.
While the children were outside, they were engaged in a variety of activities such as sitting at the table drawing pictures, writing on the wall with chalk, making cupcakes in the mud kitchen, chasing bubbles, and walking on through the obstacle course.
The educators were engaged with the children, playing games, drawing pictures and reading stories.
The facility seemed to be running smoothly during the visit. The children are familiar with the daily routine.
