### General Comments

- Visit completed at the facility in the afternoon for a monitoring inspection.
- During the visit, ratio was respected.
- Positive child guidance was witnessed during the visit. Educators were observed engaged with children at their level having discussions and providing support.
- Outdoor material is varied and in sufficient quantity for all children present.
- Outdoor play area is maintained safe and free of hazards.
- Administrative records are maintained on-site. Daily attendance of children and staff, monthly emergency evacuation fire drills, smoke alarm, smoke detector and fire extinguisher inspection and maintenance records.
- Medications are locked and stored out of reach of the children. Administration of medication records are evident. Prescribed medication is labelled with the doctor's name, instructions, and the time-period for use.
- Staff members records contain all required checks and documentation. Six files were verified during the visit.
- Observation:  
During the visit, parent arrival, free play and outdoor play was witnessed. During free play the children were creating art and reading books.
- Discussion with the director on hot beverages and the outdoor play area. The village of Tide Head playground that contains stationary equipment is not used during the winter months. Hot beverages must be kept in a non-spill container.
