### General Comments

A renewal inspection occurred today. Educators were observed being optimistic with children, using positive interactions and guidance.  
Environments were set up with a variety of accessible, well organized and open-ended materials. Environments were rich in opportunities for sensory learning, exploration, manipulation, and representation.  
Documentation was reflective in children's current ideas, initiatives, questions and ongoing learning.  
All checks were observed and complete. All staff and a random review of children's files were observed and also complete.  
Facility is recommended for license renewal.
