General Comments

The Quality Assurance Monitor is on site in the afternoon to conduct the renewal inspection. The ratio was respected during the inspection

The Quality Assurance Monitor observed the children arriving from school by bus. Upon arrival, the children participated in outdoor play and engaged in a variety of activities, including creating Halloween potions using googly eyes and pretend vampire blood to make "ghost farts." The children were also observed playing Gaga Ball and exploring the wooded area.

The children remained engaged and enthusiastic, benefiting from opportunities for creative play, physical activity, and nature-based exploration. They were also observed eating their afternoon snack outdoors. Positive and respectful interactions were observed between the educators and the children. The educators were engaged, responsive, and supportive, contributing to a positive and inclusive learning environment.
