The children were observed in both the indoor and outdoor environments including transition between the two.

Indoors: The children were observed engaged in a variety of activities that included building with Lego, playing ping pong, playing board games, and playing UNO. Additionally, the children were observed eating snack, with handwashing occurring beforehand. Snack today was graham crackers, apple sauce, oranges, and apples.

The children indicated that they are currently interested in making slime, colouring, making bracelets, playing with Lego, and painting.

Outdoors: The children were observed using the hammocks, using the stationary equipment, balancing on the logs in the wooded area, and playing UNO.

Several forms of documentation were visible throughout the room, including photographs, and children's artwork. The room was well organized and inviting, offering a varied supply of age-appropriate materials, books, and toys.

A clearly visible and prominent area was designated for the posting of the facility license, current monitoring reports, and any orders for compliance. Additional documentation reviewed included incident logs, daily attendance records, and records of evacuation and monthly fire drills.
