<p>General Comments</p> <p>Indoor play area was observed in each classroom. Educator was observed creating roads with tape on the floor which children used to drive toys on. This was based on an emerging interest from the previous week when RCMP officers came and visited the children. The classroom also had printed signs of various community helpers such as police and fire.</p> <p>Infant and two-year-old rooms had a sufficient amount of materials which were developmentally appropriate. Educators were observed engaging with children on their level throughout the inspection. Invitations for play were presented in the sensory area.</p> <p>Transition to snack time was observed and children were directed to wash their hands prior to getting their snacks from home. This transition went smoothly and children displayed that they had a well established routine.</p> <p>Documentation of learning was visible throughout the facility with links to the curriculum. These activities were recent and have been updated since previous monitoring inspection.</p> <p>Positive behaviour guidance was observed at all times throughout the inspection.</p>
