**General Comments**

The facility is clean and bright. The rooms are nicely set up with many natural and realistic materials that give the Centre a home-like feeling,  
 The materials are easily available to the children as they are located on low open shelves. NB Curriculum is evident throughout the facility as seen by the purposely planned activities, learning stores, webbing and children's artwork posted on the walls.  
 There are family pictures and pictures of stores and other buildings in the community posted on the walls. Educators were engaged with the children, sitting at the child's level, playing games and reading stories. Following the children's leads and ideas during the activities as seen in one of the rooms, where the children had the chairs set up as a bus. They were driving to various places such as the farm, pharmacy, store. Each time the educator would ask where are we going now? What are we going to buy or see when we get there? There is a mutual respect between the educators and children at the facility. The children seem comfortable in the environment and familiar with the daily routine of the facility.
