General Comments

Children were eating snack before heading outside this morning. Each group sat on one side of the room with their peers. Each of the rooms had several new items for summer play as well as a large selection of books and art materials.

The children used the preschool playground today as it was vacant. The children were able to watch two fire trucks visit the building next door and followed up with imaginative play as firefighters. Educators sat with children throughout the outdoor play space engaged in discussion and playing games. Educators also helped children problem solve and gave regular reminders of playground rules.

The tires were a popular item today as children moved them around, sat on them, climbed on them, rolled and stacked them.
